HEADLEASE

Virtual Freehold: 999-year lease from 10th August 2010, at a ground rent of £10 per annum.

It is our understanding that the 999-year lease is non-restrictive towards planning and development and the airspace is also demised to 999 years, so planning consent can be sought for additional heights.

The 999 year lease has been designed to be as close to a freehold as possible. We strongly encourage interested parties to carry out their own due diligence to confirm this.

COVENANT

Travelodge operates approximately 600 hotels across the UK, with 45,347 rooms in total. This accounts for an approx. 24.5% market share of the UK’s economy hotel sector. The group’s UK portfolio is weighted towards England representing 88% of their total stock.

Travelodge has a strong London presence representing 23% of their portfolio. The estate is predominantly leasehold, however, in February 2024, Goldentree Asset Management, the owner of Travelodge purchased 66 of their own hotels from LXI REIT for a consideration of £210m.

HOTEL INVESTMENT MARKET

Operationally, the UK hotel market continues to perform robustly, with investors encouraged by RevPAR reaching or surpassing pre-pandemic levels. Investment in the sector has been driven by strong domestic travel, characterised by vigorous leisure activity and improving corporate demand, resulting in longer and more profitable stays. Following 14 consecutive interest rate hikes since March 2022, the MPC’s decision to hold rates steady in their last six meetings has maintained a resilient investment appetite in the hotel sector, with London and key gateway cities remaining prime targets.

DEVELOPMENT OPPORTUNITY

Planning consent could be sought for alternative residential focused use, in particular, by utilising the existing layouts, subject to obtaining all necessary consents.

Giving this is a well performing asset, Travelodge have expressed interest in extending the number of rooms by way of adding an additional floor, subject to obtaining all necessary consents.
